**REUSE AND RECYCLING DROP-OFF**

Residents are invited to drop off household items for recycling and reuse from 10 a.m. to 2 p.m. on April 15. Over 20 recycling stations hosted by local businesses and organizations will be accepting household items, including clothing, batteries, extension cords, bicycles, electronics, medications, and more. The Reuse/Recycle Drop-off list describes in detail all items that will be collected at Skokie's Spring Greening. Please note that no stains, solvents, cleaning products or pesticides will be accepted. Visit [www.swancc.org](http://www.swancc.org) for information on household hazardous waste drop-off locations. Since the drop-off is drive-through, participants are asked to stay in their cars while volunteers unload recyclables at each station along the route. To help in this process, please box or bag your recyclables separately so items can easily be removed from your car by the volunteers at each stop. The stations will be set up in the order below, with clothing unloaded first and electronics last, so please load your vehicle accordingly.
